

THE 2019 STEPHEN KATZ LECTURE IN INTERDISCIPLINARY AGING STUDIES

BUNIONS, BRAIN GAMES & BELLY FAT

AGEING & ALGORITHMIC MEDIA

DR. KIM SAWCHUK is a Professor in the Department of Communication Studies at Concordia University and the director of the SSHRC Partnership Grant, Ageing, Communication, Technologies: Experiencing a Digital World in Later Life (actproject.ca). She holds the Concordia University Research Chair in Mobile Media

Studies. Dr. Sawchuk's research focuses on the intersection between age, ageing, and communication technologies, more recently examining the ways in which Web 3.0 is shaping public knowledge of ageing and old age through community-based research with older adults. Her recent publications include *Game-based Learning Across the Lifespan* (Springer, 2018) a co-edited collection of articles on collaborative media-making with older adults.
